

FENCE MODIFICATION – Rocky Mountain Power utility fence modification at 660 South Geneva Road in the R20 zone

- The City Council may approve a modification to the wall requirement if:
- The parcel is at least five (5) acres in size, and
- Provides adequate buffer to neighboring properties

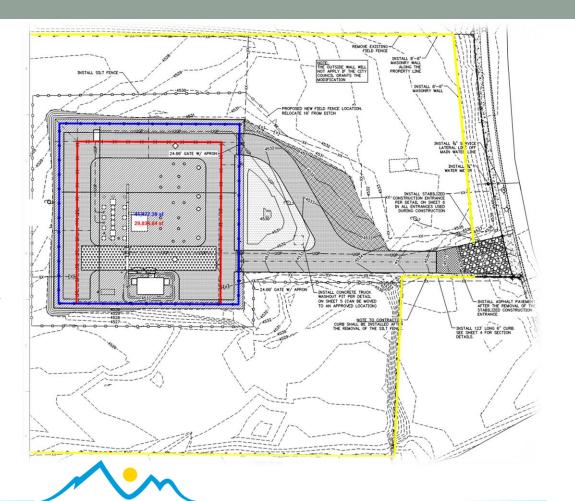

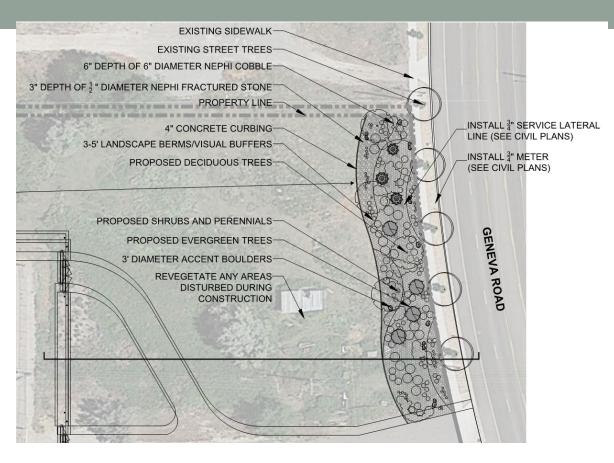

<u>Yellow</u> – Required masonry wall location without fence modification

<u>Red</u> – existing chain-link fence

<u>Blue</u> – Proposed relocated fence (to be masonry)

Advantages:

- Text was amended with the intent of Rocky Mountain Power then applying for a fence modification
- One of two parcels that meet modification requirements (1059 North 1585 West)
- Only area to be used for utility equipment enclosed by the masonry wall
- Required landscaping installed along the Geneva Road frontage

Disadvantages:

None identified

RECOMMENDATION: Staff recommends the City Council approve a fence modification at 660 South Geneva Road in the R20 zone according to Section 22-6-10(F) of the Orem City Code.
